Welcome to Joii News Issue #19 - November 2024

What's new in Issue 19

In this edition, we recap some of the events over the last 3 months starting with our attendance at the [2024 Logan Jobs Expo](#) at the Metro Sports and Events Centre back in September.

We'll share some of the amazing work from our Social Enterprises starting with [Joii Landscaping & Fencing](#) where our Second Chance Program participants have been doing great work for our clients. 🍊👍

We'll also take a look at some of the great work the [Joii Roofing](#) team have been doing over on Russell Island for Solitary Homes as well as celebrate some of the latest developments from the [Joii People](#) team with the arrival of another partner & family from the Philippines along with the onboarding of a new labour hire client. 🎉🌞

We were also incredibly excited to welcome our colleagues from [Joii Workstream](#) (Philippines) 🇵🇭 who made the flight to the Land Down Under (most for the very first time) to celebrate [Homecorp's 20th Anniversary](#) in recognition for the contribution our team has made to their growth and success over the years.

And finally we say farewell to some old faces who have played an important part in Joii's story over the years & extend a warm welcome to some new faces that will continue our journey to create opportunities that deliver long-term change.

2024 Logan Jobs Expo for Trades, Manufacturing, and Construction

2024 Logan Jobs Expo

We hit the ground running at the start of Q4 with a very successful day at the [Logan Jobs Expo for Trades, Manufacturing, and Construction Industries](#) at the Logan Metro Sports & Events Centre in Browns Plains Logan City.

This was a [free community event that connected local employers and training organisations, with jobseekers](#) and those looking to start or change their career. Opportunities were aimed towards individuals interested in pursuing trade, construction, or manufacturing jobs, qualifications and apprenticeships.

It was a [great opportunity to chat with new job seekers and trade apprentices as well as network with local employment agencies and businesses](#) on how Joii can fill their skill shortages. We also demonstrated how Joii is helping to make a positive difference in our community through our social impact programs and we're looking forward to attending more events in the new year.

Matt Oates - Joii Hero/Joii Carpentry Leader

It's with mixed emotions that we announce Matt Oates' departure from Joii after an incredible 16 years of dedicated service, both with Joii and across our wider group of companies. Over these years, Matt has truly been a cornerstone of our organisation, playing an integral role in shaping not only our work but also the future of so many within our team.

Matt has been an exceptional mentor, guiding countless apprentices and helping to shape the careers of those who have had the privilege of working alongside him. His unwavering work ethic, can-do attitude, and willingness to tackle any challenge have earned him the respect and admiration of every colleague he's worked with.

Matt's contribution to Joii goes far beyond just his skill set — he has fostered a culture of teamwork, dedication, and support that has made a lasting impact.

While we will certainly miss Matt's presence and his invaluable contributions, we know that his future is bright, and we sincerely wish him all the best in whatever comes next. His legacy at Joii will undoubtedly live on in the many people whose careers he has touched and we sincerely wish Matt all the best for the future.
